Grocery Ordering and Delivery Policies

Ordering

Clients are asked to prepare a list of items they need prior to placing an order. A catalog of available items is provided for your convenience.

Only items included in the catalog will be available for delivery. If an item is out of stock, you can indicate whether you want your shopper to substitute similar items of equal or lower price.

Please allow up to 30 minutes to place your order with your Volunteer Order Taker. Each order is read back in full at the end of the phone call.

Substitutions

You have a choice as to whether you'd like shoppers to make substitutions for you if your items are not available in the store. You will not be called from the store regarding substitutions.

If you wish to change your substitution preference on future orders, you will need to let your order taker know or call the Help At Your Door office directly. Your preference options are:

Substitutions: Which allows shoppers to choose an alternate item of equal or lesser value on all products if your chosen item is unavailable.

Remember perishable items such as produce and refrigerated/frozen items, bread and tortillas are non-refundable.
